Subject Index

advanced composites 171
anisotropic plate 445
approximations 235
asymmetry 199
autoparametric resonance 1, 137, 305

beams 157, 187
  composite 137
bifurcations 53, 77, 305, 389, 405
  codimension three 199
Burgers' equation 235

chaos 1, 53, 77, 137, 157, 291, 389
chaotic motions 263, 353
chaotic orbits 35
chaotic whirling 215
chordwise excitations 137
closure scheme 305
codimension three bifurcation 199
collocation 405
composite beams 1, 137
constraints 319
critical values 335

diagnostics 353
discrete mappings 367
double pendulum 199
dynamics
  nonlinear 157
  nonplanar 263
  railway 389

equation
  Burgers' 235
  Fokker–Planck 291
excitations
  chordwise 137
  flapwise 1
extension-bending-shear vibrations 445

finite element method 171
fixed points 35
flapwise excitations 1
flexible robotic manipulator 171
Fokker–Planck-equation 291
follower force 199

geometric 319
global description of motion 291

impacting 335
impulsive processes 367
internal resonances 77
isoparametric 319

limit-cycles 389
linearization 119
loss of synchronism 53

mathematical modeling 171
method
  finite element 171
  patching 367
  shooting 35
modal interaction 405
modes 187
motions
  chaotic 263, 353
  global description of 291
  nonlinear equations of 445
  quasiperiodic 77
  subsynchronous 215

nonlinear 119, 187
  dynamics 157
  equations of motion 445
  oscillation 335
  rotor 215
  system 419
nonplanar dynamics 263

optimal controls 235
orbits
  chaotic 35
  quasiperiodic 35

patching method 367
periodic 35
power systems 53
principal parametric resonance 263
principal resonance 419
probability density 291

quasiperiodic motions 77
quasiperiodic orbits 35

railway dynamics 389
random vibrations 305
rattling applications 367
recursive 319

Nonlinear Dynamics **2:** 481–482, 1991.

resonance
  autoparametric 1, 137, 305
  internal 77
  principal parametric 263

shear deformation theory 445
shooting method 35
singularities 335
specepstrum 353
stability 405
stabilizability 235
stochastic 119
subsynchronous motion 215

tension leg platform 119

vibrations 187
  extension-bending-shear 445
  random 305
vocal cords 35
